

Neutrality Patrol  
to Operate as Far  
as Necessary: FDR

President Not Thinking  
of Escorting Of Con-  
voys, He Says

Washington, April 25—(AP)—President Roosevelt declared today that American neutrality patrol vessels would operate as far into the water of the Seven Seas as may be necessary for the defense of the American hemisphere.

He told a press conference, however, that the administration was not thinking of escorting convoys at this time.

Also, the chief executive said there was a possibility that Greenland was partly occupied by axis forces. He said that he did not know about this, but agreed this statement was surprising.

He replied in the negative to a question whether occupation might be by fifth columnists.

Roosevelt declined to be drawn into specific comments designed to amplify his views on the convoy situation.

But he said that for a year and a half vessels of the neutrality patrol had been operating as far as a thousand miles into the Atlantic from the eastern shore of Maryland. He said there were erroneous reports and assumptions at the time that the patrol was operating approximately 300 miles from the American coast.

Will be Extended

For a year and a half, Roosevelt said, the patrol has been extended here and pulled in there. It is being extended and will be extended from time to time, he asserted.

He was glad, he said, that a reporter asked how far the extension might go. It was then that he declared it would be as far into the Seven Seas as was necessary for hemispheric defense.

He repeated several times the thought of hemispheric defense in response to questions about the functions of the patrol. What it would do if it encountered a belligerent vessel, and whether it would be allowed to use belligerent means was not made clear.

The president did say a patrol would not necessarily be confined to the Atlantic. He was asked exactly what was the difference between a convoy and a patrol. In the first instance, he said, it is the escorting of merchant ships in a group to prevent an act of aggression against those merchant vessels.

Patrol a Reconnaissance

A patrol, he explained, is a reconnaissance of certain areas of the ocean to find out whether there is any possible aggressor ship in the area, or in the whole of the ocean, that might be coming into the western hemisphere.

As a matter of common sense, Roosevelt said, back in 1939 the area of patrol in the Atlantic was closer in because there seemed to be little danger of attack on such places as Bermuda, Newfoundland, Greenland, or Trinidad.

Since then, he continued, events have shown an attack is more possible today than it was then. Furthermore, the president said, the United States has valuable American lives and property located where it did not have them in 1939.

He spoke of Greenland, Newfoundland, Bermuda, of Canada which the United States has obligation under the Monroe Doctrine to protect against any non-American nation, and of the Bahamas, Antigua and others of the British West Indies, and British Guiana, where this country also has established bases.

(Greenland has been formally embraced within the hemisphere defense system.)

Dodges Leading Question

The president was told that three of his cabinet officers seemed to be concerned over aid to Britain, and he was asked how this tied in with his press conference remarks. He said he did not know. And he dodged a question whether the country had anything better in mind, than a convoy system, to insure delivery of war supplies to Britain.

Secretaries Hull, Knox and Wickard all spoke vigorously yesterday of the need of seeing to it that American aid is made truly effective.

A reporter asked: "Won't we have a safe sea road to Greenland?"

The president said he hoped so, and that he hoped there would be no more acts of aggression.

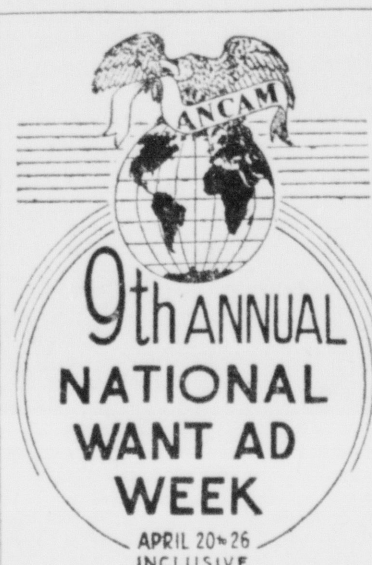

From there he went on to say he was not at all sure Greenland was not in part occupied by the axis. But he did not specify what type of occupation might be present there.

To a question whether the United States was doing anything to counteract axis moves in Greenland, the president replied in the affirmative but without elaboration.

Dissension Crops  
Up Over Means of  
Raising Big Taxes

Washington, April 25.—(AP)—The house ways and means committee said today congressional tax experts had suggested levy of excise taxes on several foods, the use of automobiles and aeroplanes and on insurance premiums in connection with plans to raise \$3,500,000,000 in new revenue.

These and other levies, proposed by the staff of the joint congressional committee on taxation, would be in addition to a long list of excise taxes proposed by the treasury department and would yield an estimated \$661,000,000.

Food taxes proposed by the committee staff were levies of five cents a pound on coffee and cocoa, 10 cents a pound on tea and one cent a pound on sugar.

Other taxes in the list included one of \$5 each annually for the use of automobiles, yachts and aeroplanes, exclusive of those operated by state or federal governments; an unspecified tax on parimutuels and a corresponding tax on book makers; a one-cent levy on electric light bulbs and a five per cent tax on the sale price of slot machines and other coin operated devices.

The list also included a suggestion that second class postage be placed on a paying basis, exclusive of county free delivery, and it was estimated this would produce \$78,000,000 in revenue. The proposal was not further explained.

Other Proposals

The group suggested a five per cent rental tax on motion picture films, an increase in the capital stock tax from \$1.10 to \$1.50; a levy of two cents a gallon on fuel oil used for motor fuel and a 3 1/2 per cent tax on the production of natural gas.

Members of congress appeared to be in general agreement with treasury officials on the need for the new revenue program, but dissension cropped up over specific methods of obtaining the vast sum. The questioning of Secretary Morgenthau by both Republican and Democratic members of the house ways and means committee yesterday ended with no indication of any reduction of the revenue goal. Several congressmen, however, took spirited exception

City of 30,000 With Single Laundry,  
No Washerwomen; It's Camp Forrest

Camp Forrest, Tenn., April 25.—(AP)—Imagine a city of 30,000 without a washerwoman and with but a single laundry. That'll give you a general idea of the task to be performed by Camp Forrest's huge clothes cleaning plant.

The camp's laundry, with most of its shiny, new machinery yet unused, has been easing into stride this week handling laundry from the camp hospital. It will increase the tempo next week by taking in all the bedclothes and towels of the camp.

The full crew of 20 workers—each drawing from \$70 to \$80 monthly—will be called into duty May 15, when the laundry will start cleaning every stith worn by the enlisted men.

The flatwork of the camp will be done without cost to the soldiers. Each trainee will pay \$1.50 monthly, however, to have his personal laundry done. The laundry service will not be open to officers.

Legislative Probers of  
Civil Service Strike  
Snag at Manteno

Kankakee, Ill., April 25.—(AP)—Testimony concerning missing papers purporting to show the amounts contributed by employees of the Manteno and Kankakee state hospitals to Democratic campaign coffers in recent years was on the records today of the Branson investigating committee.

The joint legislative committee, headed by Rep. R. J. Branson (R-Centralia), was authorized by the General Assembly to inquire into alleged irregularities in the state's civil service set-up.

The committee, coming here from Springfield, heard employees of the two hospitals testify yesterday that contributions amounted to two per cent of their salaries.

One witness, Fred Brackenbush, former secretary to Dr. Ralph Hinton, one time managing officer at Manteno, said that records listing contributions had been kept on a shelf in a vault of the office at Manteno.

Wanted Records Removed

Chairman Branson delegated a deputy sheriff to accompany Brackenbush to the hospital to secure the records, but they were informed by Clarence Welch, an office employee, that the requested papers had been removed.

Welch, summoned to tell the committee what he knew about the missing documents, denied that he had received telephone calls relating to Brackenbush's testimony.

Removal of the records from the vault, without his knowledge, he said, "was possible, but not probable."

Some of the witnesses testified that they had made payments to Walter C. Peters, chief clerk at Kankakee hospital, and to his secretary, Dorothy Stack. The latter said that monthly collections of between "\$100 and \$150 were sent to Springfield." She did not say to whom the money was sent.

Manteno employees said their contributions were paid to A. S. Legris, chief clerk until 1935, and in recent years to his successor, Frank Krueger.

Await Barrett's Ruling

The committee is still awaiting a ruling from Attorney General George G. Barrett on whether contributions to the campaign funds are grounds for an employee's dis-

10 Days Notice for  
Draftees Hereafter

Chicago, April 25.—(AP)—Local draft boards after May 1 must give 10 days' advance notice of induction to selectees instead of the previous five days, state Selective Service Director Paul G. Armstrong announced today.

Another change in regulations received by Armstrong from Washington provides that "in any case where individual hardship may result, the local board may x x x postpone the time when such registrant shall report for a period not to exceed 60 days."

Postponements might be justified, it was explained, for illness or death in the registrant's family, for selectee's recuperation from illness, or completion of examinations or disposal of property.

To assure sufficient selectees on each induction date, Springfield notified local boards today that they must classify 50 per cent of their registrants by May 1.

A report on that date of the number of men available in classes 1-A, 2-A, and 3-A, will be used in changing the basies of local board quotas to the number of 1-A men, instead of the total number of registrants as previously used.

are scattered long rows of washers and ironers. A "rip-saw" roof facing north provides light without sun and allows heat to escape easily.

Lt. O. K. Lay, camp laundry officer, said the plant was capable of handling 55,000 pounds of laundry daily.

It is equipped with seven washers to handle 375 pounds daily, six to do 300 pounds daily, six to do 150 and six capable of 50.

"We could do 1,500 bath towels an hour, if that's all we did, or 2,500 sheets, 600 shirts or 400 pairs of trousers," Lieutenant Lay declared.

The laundry has five flat work presses and 121 smaller presses designed for different types of work.

Lifeline of the vast plant, required three months to build, is the boiler, heated in a separate building, capable of developing 125 horsepower. The monthly consumption of coal will be 39,000 pounds.

Copperhead Label  
Tacked on 'Lindy'  
by Mr. Roosevelt

Washington, April 25.—(AP)—President Roosevelt placed Colonel Charles A. Lindbergh today in the category of Civil war "copperheads."

The president was asked at a press conference why the army had not taken up Lindbergh's commission. The famous aviator, who frequently has criticized the administration's foreign policy, is a reserve colonel.

The president remarked that in the Civil war, both the Confederates and the northerners took on liberty-loving people from other countries, and both let certain people go.

The latter, he said, were the Vallandighams.

(Clement L. Vallandigham was a representative from Ohio who was arrested by the Union military authorities in 1863 for "treasonable utterances" and was banished to the Confederate states. He was known as a leader of the "copperheads.")

Was An Appeaser

When reporters did not react to the name, Roosevelt said that Vallandigham was an appeaser who wanted to make peace in 1863 because he felt the northerners could not win.

Still replying to the question about Lindbergh, Roosevelt said there also were an awful lot of appeasers at Valley Forge who urged George Washington to quit because he could not win against the British.

Roosevelt was sharply critical of those Americans who, he said, have taken the attitude that the dictatorships will surely be victorious.

This, he said, is not good Americanism. And it is a dumb attitude, he said.

Roosevelt declared he was "agin" dictators—that everybody was—and that America was willing to fight for democratic processes. He said he, for one, could not lie down before dictatorships.

Union Chief Pleads  
Guilty of Larceny

New York, April 25.—(AP)—James J. Bambrick, president of the New York local of the Building Service Employees International Union (AFL), pleaded guilty to second degree grand larceny today in connection with a theft of \$10,000 from the union.

Tearfully, the man who directed the city's elevator strike of a few years ago appeared before Judge John A. Mullan in general sessions to acknowledge his guilt, and then told newsmen:

"I have nothing to say. I am probably all for the best. I have written a book about the union and this book will show all of the facts."

Judge Mullan continued the union leader's bail of \$7,500 and set sentencing for May 14. The maximum penalty is five years in prison.

Lord Gort Named Chief  
of Staff at Gibraltar

London, April 25.—(AP)—Viscount Gort, former chief of the British imperial general staff, has been appointed governor and commander-in-chief of Gibraltar, it was officially announced today.

Lord Gort was commander-in-chief of British field forces in France until after the retreat of the British from Flanders at Dunkerque last year.

By his new appointment, he exchanges jobs with Lieut. Gen. Sir Clive Liddell, governor of Gibraltar, who now takes Gort's place as army inspector general for training of British home forces.

"Bottleneck"

Washington, April 25.—(AP)—Senator Byrd (D-Va.) demanded today that Frances Perkins be replaced as secretary of labor by "a two-fisted man who will have the intestinal fortitude to say to both labor and capital that strikes in preparedness industries can not be tolerated."

In a senate speech, Byrd said that Miss Perkins, the only woman cabinet member, "has made of herself one of the most serious bottlenecks in the entire defense program."

He said he had heard that Miss Perkins' resignation now is on the president's desk, and added:

"If it is, the president should accept it. If it is not, he should request her resignation."

British "Thrown Out"  
of Thermopylae Pass  
at Big Cost to Nazis

The War Today!

BY DEWITT MACKENZIE

The battle of the Balkans must run its appointed course through the Grecian valleys of death to the sea, but the belligerent nations already have discounted the climax enacted in the historic pass of Thermopylae and are looking to the next critical stage of the war.

These are days when the dead bury the dead—when the dead has little time to spare on the past, lives fast and furiously in the present, and perforce must devote much of its energy to the future. Those who do not recognize this are riding for a fall. The outcome of the war depends on developments of the next few months—maybe weeks.

With the allies still heavily on the defensive, the question naturally arises as to what further Herculean tasks are in store for them. To my mind the threats which they have to fear most right now are two:

1. The Nazi campaign against shipping in the Atlantic, which is an offshoot of the paramount battle of Britain.

2. The possibility of a German attempt to force the Dardanelles and break into the Near East—an action calculated at once to replenish Hitler's terribly low supply of oil and to create a grave menace to the Suez canal and Egypt.

Of these two the battle of the Atlantic is by far the more dangerous. This is especially true since it isn't merely a possibility but a grim reality which most certainly will beat Britain unless it is got in hand, and mighty soon at that.

It's no news that shipping is being sent to the bottom by U-boats and bombers with such regularity as to give rise to fear that America's aid program for the allies will be largely nullified. Not only is Britain being deprived of weapons and materials with which to wage war, but if this goes on her food situation will become bad, since this tiny island kingdom is largely dependent on sea-borne supplies for existence.

The gravity of the position was emphasized in speeches yesterday by Secretaries Hull and Knox who pointed to the necessity of seeing that our lease-lend supplies get to England safely. Some capital observers thought they saw in the offering some sort of administration move to strengthen our all-out aid to Britain—possibly the utilization of American naval vessels to protect shipping lanes, at least in the waters of the western hemisphere.

Britain isn't up against any mysterious force in this Nazi onslaught on shipping. She knows the answer to her problem.

She knows how to stand the Nazi submarines off, and to clear the sea of them, but her trouble is that she hasn't the tools to do the job. By tools I mean warships for convoy, and other small, fast naval craft.

We mustn't forget that the German Kaiser came as near as you please to beating the allies with his submarines in the World war. As I may have mentioned in this column before, things got so bad late in 1916 that Admiral Jellicoe, commander-in-chief of the Grand Fleet took the extreme step of writing direct to the Prime Minister to warn that unless the U-boats were got in hand the allied cause might be lost.

The allies were able to deal with this situation when they put sufficient warships to work as convoys, turned loose a bunch of destroyers to hunt down the submarines, and took supplementary measures which are no secret. Of course, the present situation is more dangerous because the Germans have the channel bases from which to operate. It is more dangerous, too, because of the employment of bombers against merchant ships, but anti-

BULLETIN

The present battle in Greece might be regarded as an important fight between outposts in the impending struggle for Egypt the informant said.

(By The Associated Press)

British rearguard troops, hopelessly outnumbered, fell back from the bloody "hot gates" of Thermopylae pass today as Adolf Hitler's invasion armies lunged forward in a final drive toward Athens, less than 10 miles away.

Hitler's high command said bluntly that Nazi units had "thrown the enemy out" of the historic pass, overcoming strongly fortified defenses where the British and a handful of Greek allies had held out for more than two days.

The German break-through came 48 hours after Nazi quarters in Berlin prematurely declared Wednesday morning that the pass had already been taken and that the British rearguard had been "annihilated."

Advices reaching Athens from the battlefield at 12:45 p. m. (4:45 a. m., C. S. T.) said the allies were still fighting bitterly in the Thermopylae sector after executing what was officially described as an "orderly withdrawal."

German news dispatches declared that Nazi troops swarmed into the British-Greek defense posts after less than 48 hours of fighting and making a 50-mile forced march—apparently a flanking maneuver.

Nazis Admit Punishment

The Germans admitted that countless nests of allied machine-guns poured a "punishing" fire into the Nazi attackers.

German planes roared over Athens only once during this forenoon but ranged far out in the Mediterranean bombing and machine-gunning everything afloat, from big steamers to tiny fishing smacks.

In a fiery sideshow to the main struggle, German troops landed on the Greek island of Lemnos, 40 miles from the Turkish-controlled Dardanelles, and subdued the small Greek garrison after a 4-hour battle.

The Germans had previously occupied Samothrace, another Greek island 3 miles northeast of Lemnos, and thus levelled twin barrels at the gateway between the Black sea and the Mediterranean.

British Middle East headquarters acknowledged that B. E. F. troops made a further withdrawal, "inflicting severe losses on the enemy" as they fell back toward Athens.

Earlier dispatches from the Hellenic capital itself declared that grey-green waves of Nazi infantry storming the pass had been driven off and that the Germans had brought up heavy 6-

Dixon Auto Hits Steer  
On Highway; Occupants  
Uninjured; Steer Dead

Mr. and Mrs. Orville Smith and son of Dixon escaped without injury in an unusual automobile accident last evening about 8 o'clock on state route 27 between Lanark and Mt. Carroll. They were returning to Dixon from a visit at Mt. Carroll and near Lanark, a black steer crossed the highway directly in front of the car.

The fact that they were traveling at a moderate rate of speed probably prevented a serious accident. The car struck the animal, which was knocked down and killed, the machine passing over it.

The car was considerably damaged but none of the occupants was injured aside from a shaking up. State police investigated the accident and notified the owner of the animal.

**Estate Distributed**  
Charitable and religious organizations are to share portions of the estate of the late Antoinette K. Schmitz of Mendota, an inheritance report filed in County court disclosed. The report places the value of the estate at \$37,939.83 and indicates heirs will be required to pay a \$392.80 inheritance tax.

Bequests include \$500 to the Society of Propagation of the Faith, New York; \$300 for Father Flanagan's Boys' Home at Boystown, Neb.; \$300 for the Catholic diocese at Peoria; \$200 for the Catholic University at

Washington, D. C. All other bequests being tax free.

A brother, Frank A. Schmitz of Mendota was left \$19,609.91, on which he must pay a tax of \$181.40, and another brother, Harry S. Schmitz also of Mendota was left \$16,569.92 on which he is taxed \$131.40. Two cousins, Frank Schmitz and Ansa Schmitz of Manchester, Okla., must pay a tax of \$40 on their bequests of \$500 apiece.

**Mrs. Parker Dies**  
Mrs. Elta Parker, Mendota, resident, died Tuesday at 11:45 a. m. in the home of her daughter, Mrs. John J. Westerman. Mrs. Parker had made her home with the Westermans for quite a number of years.

Funeral services were held Thursday at 2 p. m. in the Schwartz funeral home, after which the body was taken to Dows, Iowa for burial.

Plans for spring and summer activities were made at a meeting at 7:30 Wednesday evening at Lincoln's school by the Mendota District Boy Scout Executive Board. The meeting was in charge of Austin H. Calderwood, district chairman.

Miss Ruth Schuetz underwent minor surgery at Harris hospital Wednesday morning.

The condition of George Kaiser who was injured in an accident at his home and is a patient at Harris hospital is considered fair.

**King's Daughters**  
Sixty-five members of the King's Daughters of the Presbyterian church were present at the 7:00 o'clock dessert birthday party in the church parlors Tuesday evening. There were twelve tables each representing a month in the year, the members seated at the month of their birthday.

Mrs. Julian Erbes, president, presided at the business meeting. Plans were made to attend a May breakfast at the home of Mrs. Kenneth B. Butler on May 27.

Mrs. Virgil Scott gave an interesting talk on "Overnight Guests."

Mr. and Mrs. Christ Oester returned Wednesday from a six weeks' vacation in Texas. They report a very enjoyable vacation.

### Woman's Club

The Amboy Women's club met for their last regular meeting of the year, Monday, April 21 at Amboy theater. During the business meeting, Mrs. O. C. Holt, the president, gave a short report of the county meeting at Compton. Reports of officers and departments of work were read.

Mrs. August Marchesi, chairman of the moving picture department, introduced Frank Flaherty, affiliated with Columbia pictures corporation, who gave an interesting talk on "Moving Picture Industry" which is the sixth largest industry in the United States.

The last fifteen years have brought a great change in the production of pictures. If a scene were needed for a picture, the location was found, all went to the scene to make the picture, but today large studios provide any scene necessary, be it in England, or Berlin or just a western. Mr. Flaherty's discussion was much enjoyed.

Three reels of pictures: "The Spirit of America", "Sports Feature" and "Hawaiian Industries", showing the making of sugar and canning of pineapples were shown on the screen.

### Top Central Honor Roll

Seventy-eight per cent of the eighth grade students of Amboy Central grade school were awarded places on the fifth six weeks honor roll to place that grade at the top of the roll which was announced Tuesday by Supt. Robert A. Reinhold. Sixty-five per cent of the sixth grade students won honor roll ratings to give that grade second place in the standing.

Grade seven was in third place with 60 per cent and grade five held fourth position with 41 per cent. The honor roll for the fifth six weeks period follows:

Grade 5, 41 per cent—Charlotte Allicks 5:00; Keith Noble 5:00; Sylvia Saeger 4:33; Marilyn Worley 4:16; Beverly Sam 4:16; Melvin Smith 4:16; Donald Eckburg 3:53; Robert Rawlings 3:50; Dorothy Slagle 3:33; Olive Rockwood 3:16.

### THE RIGHT TO WORK

Does an American citizen have the right to work? Although this fundamental issue is ducked in current strike settlements, it grows in importance daily. Some time we will have to face it.

The Texas legislature has already done so. By a nearly unanimous vote in both houses the Lone Star law-makers have made it a felony for any two or more persons "to assemble at or near any place where a labor dispute exists and by force or violence attempt to prevent any person from engaging in any lawful vocation."

The right to strike was the law of the land long before the Wagner Act. The right to join a union and to bargain collectively is also settled. But in actual practice the right to work is denied by labor organizations, and by many public officials, local, state and federal.

The Texas statute adds little or nothing to the well-known principle of assault and battery. Since the time whereunto the memory of man runneth not to

the contrary that has been illegal, regardless of the purpose of the assault. The Texas law is significant because it does specifically recognize the right to work. But as Brand Whitlock once profoundly said, "Law is whatever the public will back up." If old-fashioned assault and battery during a strike is winked at by prosecutors, police and juries, it adds little to pass a new law on the subject. In this, as in so many other cases, there is no one to finally rely on but the people. Do the people really believe that a man has the right to work?

Heretofore the question has generally involved union versus non-union. But it now involves one union versus another. Members of one union want to work; members of another want to strike. The second group insists that the first shall not work. Further, it insists that the first group give up the union it prefers and join a union it dislikes.

And so organized union leaders themselves are beginning to defend the right to work, but only when another union denies it. They have not taken up cudgels

in defense of the right to work by the non-union employee, or by members of independent unions. Nevertheless recent statements indicate that the fundamental issue cannot be forever put off.

For example, President William Green of the A. F. of L. says, "The second menace to our defense program is the strike by a minority group to gain a control that has not been earned on a basis of union membership. The picket line keeps workers out of the plant (please note) so that production is stopped. Later it is used to force payment of dues."

President Green is on absolutely sound ground here so far as he goes. He says that a minority shall not keep a majority from working. He does not state the alternative: May a majority keep a minority from working? In short, does a minority have any rights a labor majority is bound to respect? Does the right to work come from the Constitution of the United States or only from labor leaders?

The question also bothers the CIO. In a recent number of the CIO News, they complain of an A. F. of L. carpenter union which "having a closed shop agreement with a few contractors they were in a position to take advantage of the defense program". In another case the CIO condemns the "stubborn refusal of the company, which has fostered the closed shop and check off for a company union until a crack

down by the U. S. Circuit Court of Appeals to grant the same check off and closed shop to Local 411!"

This sums up to nothing more than that "our" closed shop is a sweet-scented fortress for the downtrodden, whereas "your" closed shop is a tool of tyranny both against honest working men and the nation struggling to prepare for war. This may be human nature, but it leaves the impression that the real issue is nothing more than which union is to gather the spoils. If you join our union and pay for the privilege of a job, you can work. Otherwise not.

Meantime mediators, conciliators, and Madam Perkins' pets fly hither and yon with their bottles of soothing syrup. They patch a Ford car with a mustard plaster and proudly announce they have "settled" something. SAMUEL B. PETTENGILL.

### Extension Hospital at Chanute Field is Ready

Chanute Field, Rantoul, Ill., April 25—(AP)—Hospital facilities for the 16,000 soldiers at Chanute field have been improved with the recent opening of the new extension hospital occupying 36 temporary buildings in the cantonment area.

Designed to handle the less serious medical cases and contagion, the units has a capacity of 500 beds. The extension will have a complete hospital laboratory, including X-ray equipment and a dental clinic.

Most surgery will be performed in the main post hospital, a permanent brick building with facilities for 120 patients.

There are approximately 350 patients in the extension hospital now.

Recruits for the U. S. marine corps must be at least 5 feet 6 inches in height, and not more than 6 feet 2 inches.

## BLAME YOUR LIVER IF—

If your liver doesn't secrete 20 to 30 ounces of bile every day into your intestines—constipation with its headaches, mental dullness and that "half-alive" feeling often result. So you see how important it is to keep bile flowing freely! And what finer aid could one desire than Dr. Edwards' Olive Tablets, used so successfully for years by Dr. F. M. Edwards for treating his patients for constipation and sluggish liver bile.

Olive Tablets are unsurpassed in effectiveness because they stimulate liver bile to help digest fatty foods, they tone up muscular intestinal action, at the same time help elimination. Being purely vegetable, Olive Tablets are wonderful! Test their supreme goodness TONIGHT! 15¢, 30¢, 60¢. All drugstores.

## No Clothespin on this Car's Nose!

Buick SPECIAL, 6-passenger Sedan, \$1006. White sidewall tires extra.\*

WOULDN'T a sprinter or a long-distance runner look silly trying to race with a clothespin firmly clamped on his nose!

Yet, in a sense, something fairly close to that happens in nearly every car that lacks Buick's sensational Compound Carburetion.

For your engine has to breathe in huge quantities of air to be mixed with gasoline before it is burned in the cylinders. But single-carburetor fuel supply systems can handle only a given volume of air.

To that extent, then, an ordinary engine has a clothespin on its nose—a limitation on air supply for big power operation.

We remove that clothespin very simply—by having two carburetors; one that handles all casual driving smoothly and efficiently, another to jump in with more air and more fuel when you call for extra power by stepping on the gas treadle!

Simple? Very simple indeed.

And simply marvelous in the extra FIREBALL wallop it gives you and in the gas savings you get—as much as 10% to 15% over previous Buicks with the same-size engines.

Maybe you'd better go see your Buick dealer now.

### Another Exiled King

Young King Peter of Yugoslavia joins the procession of kings who have been forced to flee their own lands since the nazi military machine was unleashed a year and a half ago.

Strange symbolism, the young Peter has chosen Jerusalem as his place of refuge. Jerusalem, that ancient city to which came another once who proclaimed himself a King.

Brief indeed was the kingship of young Peter of Yugoslavia. A few short weeks, and it was over. Yet for even those brief weeks, Peter sought to preserve the independence of his country. And many a king has ruled longer and left behind him a record less admirable. Boris of Bulgaria and Carol of Rumania come quickly to mind. So young a king as Peter has many years before him. He may yet see much that is hidden behind the smoke of battle.

### All Part of the Job

The Office of Production Management has set up a division of priorities to pass on shipments of iron, steel, machinery and other products to Latin America. That is a wise move, because the sending of certain needed materials to Latin America is just as important as arming the victims of aggression.

The reason? There are certain South American countries whose economic position is precarious. While in this shaky position, they are always possible victims of the nazi Trojan horse tactics. To build up their economies, certain manufactured goods are necessary. It is up to the United States to see that they get them.

Even now an occasional nazi ship slips through the British blockade with valuable cargoes of German-manufactured goods for South America. Unless the United States can supply those wants promptly, German prestige, already enhanced by military victories, will go still higher. It is reassuring to see that this situation is not being neglected.

### Civilian Defense Organized

There are many phases of all-out defense beyond the purely military steps needed. Today's wars are wars against civilian as well as soldier, and the civilian must be no less prepared.

The United States has been studying the lessons of Europe—how London, ill-prepared for defense, was the more ready to knuckle under at Munich; how Rotterdam and Belgrade paid dearly for their lack of civilian protection measures.

Establishment of a central civilian defense agency to co-ordinate all such efforts is expected daily at Washington. Such measures as it proposes will deserve co-operation, for no country is prepared to defend itself today which has only a military establishment.

News Behind THE NEWS
By PAUL MALLON

Kr M S... Mxpr sa-w Uroff-mv (Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, April 25—Hitler glued the soles of British shoes to Greek soil for the final kill, by some adroit and unscrupulous propaganda. It was a typical nazi trick.

The day the Balkan fight started, Berlin headquarters screamed that the British were evacuating already, leaving the Greeks in the lurch. It sounded then like a meaningless lie. But on the second and third days the same screeches continued to come from nazi G. H. A. Finally the British denied it, announcing they were still moving in transports. That was what the Germans wanted. With comic irony thereafter they publicly conceded their mistake.

The shrewd German propagandists well know that face is nearly as important in the Near East as in the Far East. Prestige in Egypt, Syria, Iraq, Turkey, India and with Weygand is a controlling decisive point. By deliberately spreading the false rumor, the Germans created a situation whereby the British could not leave without ignominy. Evacuation had to be delayed until too late to rescue the maximum amount of men and equipment.

Between 2,000 and 3,000 German tourists have arrived in Iran, to view the wonders of the Persian oil fields no doubt. No similar infiltration is yet evident in Iraq where the British have taken hold again. But the tourist travel is a good indication of spots where the nazis are looking ahead.

If Turkey signs any kind of an agreement with Hitler, no one here will doubt it means German troops will be allowed transit through that nation. Russia will do nothing about it. Stalin is so frightened he would probably permit nazi troops to move through the soviet union if the request were made in a harsh tone of voice.

The British have a good chance to save the Suez. They only had three motorized divisions against the Italians in Libya. One was sent to Greece. No one expects it to come back. Part of another went to Enitrea. Consequently only one and a fraction division have been holding the five to eight German divisions on the North African front. But reinforcements have been coming fast from Enitrea. Mechanized material from England destined for Greece has been directed to the Egyptian line. When the British line is released from Greece to storm the long German line of supplies back to Tripoli, they will have a chance to do to the Germans what they did to the Italians.

It is hard for Washington to understand why the country is taking the expected Balkan reverses so seriously. As far back as March 5, weeks before this fight started, this column was able to pass on information: "The Greeks are given no more than two weeks as the limit of possible endurance against the heavy German mechanized units on the Salonika front." Again March 14: "The Anglo-Greek line will have to fall back to the mountains of old Greece. . . . Hopes that even this better line can be held are not high. Military odds strongly favor success for a German drive through Greece to the southernmost tip." On March 28: "The best our people can now expect is that the Germans will be required to spend at least 30 days in the conquest of Yugoslavia."

LaGuardia will definitely run for a third term unless a cabinet office opens in Washington before he does. . . . When House Naval Chairman Vinson asked APL and CIO opinion on his plan to provide a strikes cooling off period, CIO's Phil Murray did not reply and Green neglected an invitation to appear. Now both are exerting every pressure to stop the bill. The scheme is to pass it in the House and let it hang in the Senate as a warning against further strikes. . . . Congress has quietly shelved the White House-approved idea of reducing the draft limit age to 18. Both House and Senate military affairs committees have discussed the proposition in executive session and dropped it. Not unless war comes will be revived.

### Green Approves Idea On Tax Referendum

Springfield, Ill., April 25—(AP)—Governor Green told reporters yesterday he approved the purpose of a resolution, now before the legislature, calling for a statewide referendum in 1942 on a constitutional amendment to permit exemption of foods from the states sales tax. The resolution was introduced by Rep. Frank Houcek (R-Cicero).

## Brandon Proposal for Revamping of Relief Condemned

Springfield, Ill., April 25—(AP)—Township supervisors were on record today as opposing centralization of relief administration in resolutions "censuring" state Welfare Director Rodney H. Brandon and demanding removal of Leo M. Lyons of Chicago from his post as executive secretary of the Illinois Emergency Relief Commission.

The Illinois Association of Supervisors and County Commissioners, meeting here at the annual convention of the Illinois Association of County Officials, adopted a resolution asserting that Director Brandon was attempting to usurp the functions of township overseers of the poor "to enlarge the field of social worker patronage and build his own position".

The supervisors objected to a reorganization program submitted to Governor Green by a committee headed by Brandon which recommended placing the I. E. R. C. under jurisdiction of the state welfare department.

The resolution asking removal of Lyons and appointment of a downstate resident as executive secretary of the I. E. R. C. with offices in Springfield or Decatur, attacked Lyons' double job as I. E. R. C. secretary and Chicago relief administrator.

### Gov. Green Commended

"Such a dual capacity is seemingly indefensible", the resolution declared.

Another resolution commended Governor Green, declaring that "the governor, in his acts since he took office, has strengthened the public impression of his policy of home rule".

The supervisors and commissioners association elected Edward Scheibel Stretcher, president; E. Vorhis Conner, Decatur, first vice president; Lee P. Stenzel, Alexander county, second vice president; Louis E. Romann, Granite City, treasurer; John Albright, Lake City, re-elected secretary; James Cannel, Rockford, re-elected executive secretary.

The Illinois Coroners' Association elected A. L. Brody, Chicago, as president; Dr. Paul A. Isherwood, DuPage county, secretary; treasurer; T. A. Hoganson, Grundy county, vice president.

The Illinois Circuit Clerks Association elected Robert Haenisch, Wheaton, as president; L. E. Whistler, Whiteside county, treasurer; Josephine Ray, Vermillion county, secretary.

## Defense Councils in Every Village and City Desired

Springfield, Ill., April 25—(AP)—Plans to encourage the formation of local defense councils in every city and village of Illinois are being made by the newly-created state Council of Defense.

The state defense council held its first meeting with Governor Green yesterday and delegated Vice Chairman Murray W. Baker, Peoria industrialist, to confer immediately with National Defense Council officials to pledge the state's "100 per cent cooperation" with the preparedness program.

Movors of cities and presidents of villages are empowered under the defense council act to appoint local defense councils. The governor said. Local councils will be asked to cooperate with the state council in making surveys of defense resources, selling national defense bonds and similar activities.

A second meeting will be held May 9 in Chicago to appoint a committee to direct such activities as making surveys of the state's industrial, agricultural and labor resources. A coordinator to serve as liaison man between the state council and the National Defense Council probably will be appointed, the governor said.

### Sons of Legion Will Sponsor Father-Son Banquet Sunday Eve

The Dixon Squadron No. 12, Sons of the American Legion is sponsoring a father and son banquet at the Hotel Natchua Sunday evening at 6:30 o'clock. An effort has been made by the committee in charge to contact all fathers. However, if some of them have been missed, they are asked to call Burton Wadsworth at X785. This affair should be well attended as the boys have worked hard to make it a success. The squadron has invited Bill Moeller, chief of Westmont, 2nd Division commander of Sons of the American Legion. He is deeply interested in boys' work and will give a good talk.

### TWO ASSISTANT WARDENS

Springfield, Ill., April 25—(AP)—Rodney H. Brandon, state Director of Public Welfare, announced the appointment of Edward M. Stubbfield, Brighton, and Arthur A. Bennett, Elmhurst, as assistant wardens at the old Joliet and the Menard prisons respectively.

Stubbfield served as assistant warden at Joliet during the Emerson administration and later served in the same capacity at the state prison at Lansing. Kas Bennett was formerly chief of detectives for the state's attorney and sheriff of DuPage county.

**Officers' Night**

Mr. and Mrs. Charles Metzler, Worthy Patron and Worthy Matron of Corinthian chapter, O. E. S. and Mrs. Fay Coffman attended an Eastern Star meeting in Freeport Wednesday evening when the Freeport chapter observed past officers' night.

Bertha M. Eagle, Worthy Grand Matron of the year 1937, was the guest of honor. Worthy Matrons, who served under Mrs. Eagle in the various chapters, formed her escort.

A 6:30 dinner preceded the ceremonies.

**Friendship Circle**

Ladies of the Brethren church Friendship Circle met with Mrs. Harry Gilbert on Thursday afternoon. Mrs. Charles Bageman and Mrs. Glenn Stern served as assistant hostesses.

In the absence of the program chairman, Mrs. Ralph Avey, the afternoon's lesson was led by Mrs. John Plum. Forty members of the circle were in attendance. The hostesses served delicious refreshments at the close of the meeting.

**Rebekah Lodge Meets**

The Marco Polo chapter of the Rebekah lodge met for a stated meeting on Thursday evening. During the business session, plans were discussed for the district meeting to be held in Polo in May. Miss Avis Gatz is district president.

**Aid Society To Meet**

The Weset Branch church aid society will meet Wednesday, April 30 with Mrs. Carl Coffman.

**Ideal Club**

Mrs. C. D. Rowland was hostess to members of the Ideal club on Thursday afternoon in her home on North Division street. The guests enjoyed a 12:30 luncheon followed by a program, during which Mrs. E. G. Hurdle, of Rock Falls, gave an interesting review of the book, "The Vanishing Virginian", by Rebecca Williams.

**Visiting In Polo**

Mrs. Richard Paul Graebel and son of Ottumwa, Iowa, are guests of Mrs. Lida McMurtry and Miss Ann Parmelee. They were accompanied to Polo by Rev. Graebel, former pastor of the First Presbyterian church here, who drove to Chicago on Tuesday to attend commencement exercises at the Presbyterian Theological Seminary, of which he is a graduate.

**Society of Christian Service**

The Methodist Women's Society of Christian Service will meet this evening at the church. During the business meeting officers will be elected. Mrs. Charles Franks will present a book review for the evening's program. On Thursday, May 1st, the society will hold an all day meeting at the church. Luncheon will be served at 12:30, followed by a business meeting and program.

The Woman's Council of the Christian church will meet at the home of Mrs. Nannie Barnhizer on Wednesday, April 30.

**Democrat Thinks Green Good Color for Cigaret Tax Stamp, He States**

Springfield, Ill., April 25—(AP)—A Democratic state legislator, Rep. Paul Powell of Vienna, thinks green tax stamps should be on every package of cigarettes sold in Illinois under the administration's pending two-cent cigarette tax bill.

"Governor Green is going to take the blame for this tax; it was his idea", Powell told the house of representatives. "It is only appropriate that the stamps should be green".

The cigarette tax bill, which passed the house yesterday and which now goes to the senate, authorizes the finance department to decide upon the color and type of tax stamps to be used.

## Regional Meeting of Girl Scouts Opens April 30

The seventeenth annual conference for the Great Lakes region, Girl Scouts of the United States, will attract more than 2,000 adult leaders and advisers to Chicago from April 30 to May 3, inclusive. Meetings will be held at the Stevens hotel, and any Dixon Scout leader or adviser interested in attending any session may obtain additional information from Miss Kathryn Harrington, director, or a member of the Dixon Girl Scout council.

The Great Lakes region of the organization embraces Illinois, Indiana, Michigan and Wisconsin, with a total membership of 113,446, including leaders and advisers.

Although general Girl Scout activities range from book binding to tracking wild animals, the theme of the conference, "Girl Scouting and Today's Needs," will consider the part to be played by women and girls in national defense. Service bureaus have already been established in local communities, while girls are being trained in Red Cross work, home management, camping and child care.

Mrs. Pratt, the region chairman, opens the conference on Wednesday afternoon, April 30, after a morning of registration. Representatives will be present from districts which will have only one troop, as well as from Detroit, Indianapolis, Milwaukee, and Chicago, where troops number over 100. Fourteen national staff members will attend to advise on their special fields.

Since Girl Scout troops make up their own programs and carry them out with the help of trained leaders, the conference is emphasizing national needs which girls of from seven to 18 can help meet. The Brownie Scouts learn simple sewing, health principles and saving, while the Senior Scouts develop subjects ranging from navigation, camp making, first aid and cooking.

All Scouts know as a matter of course how to present the flag, and the Girl Scout pledge.

## LITERARY CLUB STUDIES RUBBER

"Old Friend in New Guise" was the subject of an instructive paper on rubber read by Mrs. John Nelles last evening for members of the Twentieth Century Literary club. Mrs. Bernice Moser was entertaining at her home.

Mrs. Nelles traced the development of rubber from the West Indies and South America to the factory. One plant alone, she told her listeners, manufactures 32,600 products, ranging from toy balloons to automobile tires.

Mrs. Joy Diehl is to be the next hostess. Mrs. V. L. Carpenter is to give the paper.

## Legion Auxiliary Has Luncheon

Ten members of Dixon unit, American Legion Auxiliary, attended a luncheon for units of the 13th Congressional district yesterday at the Elks club in Sterling. Mrs. Frances Mieczynski of Chicago, the department president, was the speaker.

Red, white and blue flowers and blue tapers appointed the luncheon tables. Mrs. Mieczynski discussed rehabilitation, child welfare, Americanism and national defense programs in the 610 units of Illinois.

Attending from here were Mesdames Erma Ommen, Dorothy Christman, Clara Traynor, Ella Wagner, Dorothy Teschendorff, Mabel O'Malley, Ann Raffenberg, Ora Leno, Ethel Brooks and Bessie Bose.

The meeting of the 13th district organization will be held in Dixon on June 7, when all 24 units comprising the district will meet in annual convention.

## PRACTICAL CLUB

"Ten Tours in Illinois" were outlined by Mrs. Homer Senneff for members of the Practical club Tuesday afternoon at the country home of Mrs. Frank Wilson. She described Lincoln's home in Springfield, historical Galena with its ancient homes and century-old Episcopal church, and trips through Florida and Wisconsin.

Interesting comments about birds were heard during roll call. A spring lunch was served by the hostess, assisted by her daughter and granddaughters.

Mrs. L. E. Smith is to entertain in three weeks.

## Glee Club Is Rehearsing for "Harmony Hall"

Rehearsals for the gay and tuneful operetta, "Harmony Hall" by Harry B. Smith and Geoffrey O'Hara, to be presented Wednesday evening May 9, by members of the Dixon High School Glee club, are progressing under the direction of Miss Carolyn Bergstedt.

The scene of this comic opera is in Harmony Hall, a famous musical college, directed by a General Work, who admits no one who is not in some way musical. His son at an early age was hopelessly "un-musical," and he was sent away under supervision of the general's unscrupulous lawyer, McTavish.

The plot develops happily with three separate romances. The cast of characters includes: General Work, William Hey, the "un-musical" son, Harold Rhodes; McTavish, Bill Thompson; Wiggins, Bud Bradford; Signor Brown, George Lovekamp; Rosalie, Eileen Finney; Maritana, Virginia Dodd; Mrs. Hamersley Keys, Trudy Pre-witt; Elsa, Lorraine Pritchard; Richard Keller, Bernard Frazer; Keith Gordon, Roger Chapman; Robert Sanborn, Jack Marshall; Jean Stevens, Nadine Galos; Rosemary Torrens, and Marilyn Hoyle.

## CAMERA FANS ARE PLANNING NOVEL EVENT

Members of the Rock River Camera club are anticipating a busy evening of activity on Monday night, when members of the newly-organized club of camera fans at Freeport join the local group for a photographic scavenger hunt.

R. H. Lange's program committee has already outlined the "musts" to be photographed between 7 o'clock, when the group will meet at the Loveland Community House for organization of teams, until 10 o'clock, when all films will be submitted to the committee for later developing and judging.

## COMMUNITY SING

The Rev. T. DeBoer, pastor of the Congregational church, will lead community singing at the Loveland Community House on Sunday afternoon. Mrs. Rosanna Hartman will be at the piano for the program, which will be presented in the west lounge, between 3 and 4 o'clock.

"Stories About Hymns We Love" by Mr. De Boer, will be followed by vocal trio selections by Mrs. Joyce Hamilton, Mrs. Hartman, and Miss Helen Miller, and songs by a girls' chorus from the Congregational church.

## Charter Buses for Chicago Trip

Two buses have been chartered by the Dixon Woman's club for a pilgrimage to Chicago on Saturday, May 10, to attend the Cavalcade of Light exposition at the Little Theatre in the Civic Opera building. Twenty-nine passengers will be accommodated in each bus, and those desiring reservations are asked to notify Mrs. Howard Edwards, not later than May 1.

An address and a tour of a bungalow featuring modern lighting will occupy the clubwomen from 10:30 until noon. The afternoon will be spent as they choose. The buses will leave Dixon for Chicago at 7 a. m. and start on the return trip to Dixon at 7 p. m.

## BRIDGE-LUNCHEON

Mrs. B. E. La Voy, a recent-comer from Aurora, was entertaining her former bridge club in Aurora at luncheon on Wednesday at Peter Piper's. Afterward, Mrs. La Voy arranged a sight-seeing tour of Dixon for her guests.

The party included Mrs. John Speroni and Mrs. Lyle Peterson of this city, in addition to the club members.

## GRADE STUDENTS ELECT OFFICERS

Sixth grade students of the North Central school have elected the following officers: President, Bonnie Jean Schuler; vice president, Donald McLean; secretary, Patricia Graybill; treasurer, Joan Westor.

The seventh grade has also organized, the officers including: President, Diane Rybick; vice president, James Murray; secretary, Bruce Bastian; treasurer, Janice Jensen, sergeant-at-arms, Robert Mellott; librarian, Donald Andrew.

## PHIDIANS MEET ON TUESDAY

Mrs. Frank Edwards is to be hostess to members of the Phidian Art club at 2:30 o'clock Tuesday afternoon. Mrs. W. D. Hart has prepared a paper on "Poetry", which will be followed by annual reports and election of officers.

## BIRTHDAY DINNER

Georgia Mae Eastman celebrated her nineteenth birthday anniversary last evening with a 6 o'clock dinner arranged by her mother, Mrs. Minnie Eastman. Jonquils and tulips trimmed the table, where covers were arranged for a small party of relatives.

A radio was among the gift packages for the honoree.

## Members of Cast in Oregon Senior Class Play

Pictured above is the cast of characters for the play, "A Voice in the Dark," to be presented at 8 o'clock this evening in the Oregon high school auditorium. Seated at the piano is Robert Etnyre, who portrays the role of Paul Revere. Standing (left to right)—are: Kenneth Thurston, who appears as Theophilus Davy, the innkeeper; Josephine Heimx, the innkeeper's wife; Livig; Jack Putnam, a British officer; Cecelia Laskos, Dame Astra; Marjorie Kirtz, her daughter; Constance; Henry Pauls, Samuel Adams, Elizabeth Ulferts, Lucy; Stephen Gegan, Richard Shirley; Ilene Eakie, Martha Davy; and the director, Miss Janet Winston.

## Leaving for Grand Rapids

John Lacks, who leaves the first of the month for Grand Rapids, Mich., was guest of honor at a dinner arranged last evening as a surprise by foremen and key men of the Reynolds Wire company. Mr. Lacks, who has been employed as plant engineer at the wire company, will be joined in Grand Rapids by Mrs. Lacks and

their children, Richard and Marlene, about June 1.

Instigators of last evening's party gathering asked their guest to serve as toastmaster for the occasion, and presented him with a gift.

Mr. and Mrs. Lacks came to Dixon seven years ago from Rockford.

The 31,400,000 motor vehicles in the United States could carry at one time every man, woman and child in the nation and a large number of Canadians and Mexicans.

## Special Committee on Taxation Makes Report to Governor

### Special Legislation Requested to Carry Out Its Suggestions

Springfield, Ill., April 25—(AP)—All Illinois real estate on which taxes were delinquent for five or more years would be sold at auction by county tax officials under

a recommendation submitted to Governor Green by his special advisory committee on taxation. The broad tax foreclosure plan was advanced as a means by which county officials throughout the state could collect millions of dollars in overdue realty taxes and at the same time restore idle properties to productive use. Tax purchasers would be given clear titles to realty thus sold. Governor Green made public this proposal along with others contained in a voluminous report by the special committee which the governor created, under the chairmanship of Deneen A. Watson,

Chicago, attorney, to study state and local financing problems. In Chicago and Cook county alone, Governor Green estimated, there is due and unpaid about \$250,000,000 of taxes on real estate. Delinquencies in downstate counties were estimated at more than \$10,000,000. Green said he would study the plan further before deciding whether he would favor legislation to carry out the recommendation.

**Would Allow Clear Titles**  
Under present law county treasurers offer delinquent taxes for sale but buyers have been few in recent years because purchasers never have been able to obtain clear titles to the properties involved. The proposed new system would allow purchasers clear title to tax-delinquent real estate, either unimproved or improved.

County officials would be required by law to offer for sale real estate on which taxes had been unpaid for at least five years prior to January 1, 1941.

Another recommendation of the Watson committee was that the state sharply curtail state highway construction, except that essential to defense and to prevent deterioration, so as to build up reserves of construction funds to help "cushion economic readjustments" in the post-defense period.

**Urges Conservation**  
Cities and counties also were urged to conserve motor fuel tax shares for the same purpose, and local governments were counseled to reduce spending, borrowing and capital outlays so as to avoid competition with the need for labor and material in national defense.

Other recommendations included: Legislation requiring all local governments to hold public hearings on budgets and submit to regular audits.

Creation in downstate counties of the office of county tax supervisor and installation of standard tax assessing systems by 1947.

Creation of new state departments of taxation and administration to take over the functions of the present finance department and some other state agencies.

## Army of Artisans Working to Finish 2 Munitions Plants

### Sites South of Joliet Are Scenes of Intensified Construction Work

Joliet, Ill., April 25—(AP)—The army of artisans racing to complete the two huge munitions plants south of here is approximately the same size as the army of Illinoisans now receiving intensive military training at Camp Forrest, Tenn., 12,000 men.

Latest reports indicate that each army may soon have 16,000 men on the payrolls. The huge plants—the Kankakee ordnance TNT works and the Elwood ordnance shell loading plant each have 6,000 men on the rolls. However, it was reported that the Kankakee plant, largest of them may soon have 10,000 men working to get it finished.

Operations are proceeding 24 hours a day at the Kankakee works. The special "daily munitions train" between Chicago and the two plants, which started out a month ago with 75 daily round trip fares, now hauls 500 men daily.

Considerable additional equipment was received at the Kankakee works last week to handle the 90 miles of underground cast iron water lines. The contractors are laying the pipe, from 4 to 23 inches in diameter, as fast as it is delivered.

Sub-contractors have started installation of acid, steam, air, and water lines for manufacturing processes in all but two of the manufacturing areas.

**Work on "Igloos"**  
Foundations and walls are up for several of the "igloos" used for storage of explosives in the magazine area and concrete is being poured for the tops of some of them.

At the Elwood ordnance shell loading plant a complete railroad is being built. There will be half a dozen locomotives, scores of box cars, a roundhouse, more than 80 miles of tracks, and vast quantities of miscellaneous equipment, all of which is being rapidly acquired.

An order for 50 new 50-ton steel sheathed box cars, to cost \$156,000, has been placed with the General American Transportation System of Chicago.

Two 45-ton Diesel-electric locomotives have already arrived and another is due any day from the General Electric plant at Erie, N. Y. Another 45-tonner, and one of 80 tons, also are on order.

**Typical Week's Receipts**  
These are used as fast as tracks can be laid for hauling carloads of equipment and supplies into the 14,720 acres of the Elwood plant.

Here is a list of construction materials received during a typical week, much of it handled over this growing railroad:

Thirty-eight carloads and two truckloads of lumber; 63 carloads of railroad ties; a carload of rails and supplies; six carloads of telephone poles; 217 carloads and 155 truckloads of railroad ballast; 15 carloads of pipe and fittings; four carloads and nine truckloads of brick; 1,191 truckloads of road material; 13 truckloads of reinforcing steel; 17 carloads of structural steel; 30 truckloads of road material; 13 blocks; 31 truckloads of asphalt shingles; five truckloads of corrugated asbestos roofing; three

## Summer Roundup

The objective of the annual Summer Roundup project is to interest parents in improving the health of the children entering school for the first time and to bring about continuous medical and dental supervision of children of all ages. This year 135 of these children received thorough medical and dental examinations and health instruction to the parents. Only those children received complete physical examinations whose parents were present. The results were as follows:

Total number of children examined—144.  
Number of parents present for examination—135.  
Number of children found free of any physical or dental defects—14.

Number physical defects found—121.  
(This number includes those not vaccinated for smallpox nor protected against diphtheria.)

Number of children found who had dental defects—85.  
Number of children protected against diphtheria—56.

Number of children vaccinated for smallpox—39.

During the summer it is the object of the Summer Roundup committees of each school to follow up the program by calling on the parents of children who were found to have any physical or dental defects to urge the corrections of such conditions before the child enters the first grade in the fall.

Parents are especially urged to protect their children against diphtheria by immunization and smallpox by vaccination before the child enters school.

Last year in Illinois, although about 1,500,000 children had been immunized there were 2,092 cases with 153 deaths from diphtheria. This was because too many children had not been given the protection available.

The results of the dental examinations show a large number of children who need dental care and we urge parents to have the necessary work done before school opens in the fall.

To those children who have had all the recommended corrections made before October 1, 1941, the child will receive a health award from the Illinois Congress of Parents.

Industries which did not exist 40 years ago provide employment today for one worker in every four.

truckloads of corrugated metal pipe; five truckloads of plumbing supplies; and 45 truckloads of electrical supplies.

## Last of Fugitives from War-Prisoners Camp, Captured

Heron Bay, Ont., April 25—(Canadian Press)—The last four of 28 German prisoners of war who escaped from a northwestern Ontario camp last Saturday were captured early today on a train as it pulled out from this village.

The fugitives said they had crouched in a box car on a siding for six hours while police and army patrols passed many times before their presence was discovered. They surrendered without resistance. The men carried packs containing rations for 10 days and each had a detailed topographical map of the country around the prison camp.

The prisoners—all German air force fliers brought down over England—were Helmut Ackenhause, 26; Wilhelm Bauer, 29; Wilhelm Eroniss, 29, and Hans George Schulte, 22.

Two other escaped prisoners were taken yesterday at Medicine Hat, Alta., after they had ridden trains and hitch-hiked 1,200 miles from the scene of the break.

Two fugitive Germans were shot to death resisting capture Sunday and three others were wounded. The others were recaptured in the rugged wilderness surrounding the camp.

## NEW DIXON COUNTRY CLUB PRO

Ralph Stonehouse of Dayton, O., and Florida winter resorts has been engaged as the new golf pro at the Dixon Country club, according to the announcement made today by the board of directors. The new instructor has made a science of the study of golf and is reported to be particularly adept at working out club tournaments and special events. For the benefit of the ladies it can be reported that he is young, handsome and a bachelor. Starting Sunday when the permanent greens on the course will be open to members, Mr. Stonehouse will welcome all his prospective Dixon friends.

## HEAP BIG DAY, BUT NOT FOR INDIANS

Mr. and Mrs. J. Fred Hofmann attended the Chicago-Cleveland game yesterday afternoon and saw the "Oh-so-fine" White Sox defeat the Tribesmen 2 to 1. Somewhere between the seventh inning stretch and the end of the game Fritz remembered he was to be the announcer at the Sterling fights and they had a bee-line back to these parts.

## CLINCHES ON THE CANVAS

Among those from Dixon who attended the fights in Sterling last night were Announcer J. Fred Hofmann, Lyle Melvin and Bob Johnson. In the feature bout Dick Sholl of Galesburg knocked out Leonard Evans of Milwaukee in the first round. Paul Hess of Waukegan won a technical knockout in the third round with Bob Hicks of Harmon in the 160-pound event. In a bout at 130 pounds Darrell Duncan of Galesburg beat Ray Hicks of Harmon in a good battle.

## TRAIL RIDE

The first trail ride of the season, sponsored by the Official Rock River Trail & Horsemen's association, will be held Sunday, May 4. Riders are to meet at the rear of Bomberger Bros. garage in Park, 8:30 a. m. and to be ready to leave at 9 o'clock. Reservations may be made with G. C. Terry in Polo not later than next Wednesday.

## SOFTBALL AT ASHTON

The annual meeting of the Ashton Softball association will be held Tuesday night at the town hall at 7 o'clock. Officers will be elected and rules and regulations for the coming season will be completed. All players and sports fans are welcome to attend.

## TO JOIN THE NAVY

Bob Travis, member of the Dixon football and track teams, reports that he will join the Naval Air Corps following his graduation this spring and will go to the Great Lakes Training school June 9.

## TO SHOW BASEBALL MOVIE

The official National League baseball movie will be shown at Paw Paw Monday night at the last regular meeting of the P-T-A in the high school. The Chicago Cub management is also sending an additional film for the entertainment. The meeting starts at 8 o'clock.

## NO DICE

The host that either team could hold in the weekly series between the Franklin Grove and City hall cribbage teams last evening was an even break. It was 16 all at the close of the session and the China township peggers still maintain a slim margin of wins over the city employees. Next week the local quartet will attempt to even the count by first banqueting their opponents, then engaging them in a session.

## LOOKING FORWARD

Clarence Kelly, high school basketball and football star, is thinking about attending St. Ambrose College next fall and Bill Shultz is looking over a bid from Drake university.

## STERLING VS. DIXON (GOLF)

Sterling's golf team will come here next Wednesday afternoon for a match with the Dukes over the Plum Hollow course.

## NEW DE KALB CAGE COACH

George S. Dertinger, coach at Levison, Ill., high school for the past seven years, Wednesday signed a contract with DeKalb Township high school to become a member of the faculty for the coming year. Plans call for Mr. Dertinger to be in charge of basketball and track, to assist in football and to teach social science subjects. R. P. Reichenbach was recently hired as head football coach. The new cage coach has an impressive record. He was graduated from the University of Illinois and received his masters degree at New York university. He coached at Mt. Pulaski for four years and for the last seven years he has been at Levison. His cage teams have won five regionals, six county tournaments, two invitational tournaments and one sectional. His all time record shows 156 wins and 73 defeats.

## CLUB DIRECTORS TO MEET

Dixon Country club directors will hold a meeting this afternoon at the clubhouse where the finishing touches will be put on the program for the season. Time: 4 o'clock.

## INJURED TRACKMAN

Don Hoffman, one of Coach Bowers' track candidates, recently tore the ligaments in his left foot while practicing the high hurdles and is now hobbling around on crutches. Yesterday he was official Dixon scorer at the Rochelle-Dixon track meet.

## JUNIOR LEGION TEAM TO PRACTICE

The postponed practice session of the Junior American Legion baseball team will be held Sunday morning at 10 o'clock at Reynolds field and Manager Phelan says that all boys interested in baseball should report. He also urges the attendance of the members of the Legion committee who include Clyde Lenox, William Loftus, Earl Pierce, Frank Curran, James Devine, E. C. Risley and A. L. Carry.

## BASEBALL BUILDUP

Hi Emmert, manager of the Knacks, Hubert Stultz, "Shires" Miller and Earl Page are touring the "northwest" today with stops at Oregon and White Pine state parks. It's an official baseball business and they will call on Emory Meade at Oregon, reported to be an outstanding baseball candidate, and drop in for chit-chatting with Bert Cummings who is living just outside the state park. The Knacks will hold their first practice session at Reynolds field Sunday afternoon at 1 o'clock—weather permitting, and from what Hi says it looks like a big year in local baseball. Jimmy Wilson and Jimmy Dykes "ain't got nothing" from what we can learn.

## PREDICT 14 WILL START IN DERBY

67th running of the \$75,000 added Kentucky Derby.

Out of the 112 top three-year-old thoroughbreds in the country, nominator Feb. 15 for the mile and a quarter classic, observers at Churchill Downs believe that only 14 have shown enough to warrant their owners putting up the \$500 necessary to have them among the starters.

Here's the way the hardboots lined up the Derby field today:

## Horse Owner

Porters Cap—Charles S. Howard  
Whitlaw—Warren Wright  
Our Boots—Woodvale Farms  
King Cole—Ogden Phillips  
Blue Pair—V. S. Bragg  
Little Bennis—R. Palladino  
Robert Morris—J. F. Ryers  
Valdina Groom—Valdina Farms  
Agricole—Shadybrook Farms  
Dispose—King ranch  
Curious Coin—Goldstream Stud  
Considered outside possibilities as starters are Valdina Paul, owned by Valdina Farms, Master Henry owned by the Bern Stable and Cleveland Putnam's Swain.

Of course, some last minute surprises in the Wood Memorial at Jamaica Saturday or possibly the Derby Trial Stakes at Churchill Downs next Tuesday night inject an unconsidered nominee into the Derby field.

## FIGHTS LAST NIGHT

## FRANKLIN GROVE WINS MEET WITH LEE CENTER BOYS

### Mitchellmen Capture Firsts in Eight of 10 Events

Collecting first in eight of 10 events, the Franklin Grove track squad romped to a 72 to 27 victory over Lee Center in a dual meet at the winners' field yesterday afternoon. No records were broken.

Following a defeat in a practice meet with Amboy earlier in the week, Coach John Mitchell's boys came back strong to triumphs and they won all three places in the 100-yard dash, broad jump and high jump.

High point man of the meet was Maronde with 16 tallies which included firsts in the shot put and broad jump, second in the pole vault, a tie for second and third in the high jump and third in discus.

Heckman of the Mitchellmen scored 13 points. Brown 9, Lee 8 and Warkins 7. The latter two are freshmen members of the squad.

Tentative plans call for additional meets for the Grovers with Steward and Leaf River. No dates have been set.

## Summaries:

Pole vault—won by Heckman (FG); Maronde (FG) second; Lee Center third with no entry. Height—9 feet.

100-yard dash—won by Lee (FG); Warkins (FG) second and Brown (FG) third. Time—11.5.

220-yard run—won by Brown (FG); Blackwell (LC) second; Jeanblanc (LC) third. Time—27.8.

## OREGON WINS TRACK MEET WITH MOUNDERS

Oregon's track team, playing host to Mt. Morris yesterday, defeated the visitors 67½ to 40½, by winning firsts in six of the 12 events and scoring grand slams in two, the 220-yard dash and the broad jump.

Thurston of Oregon won two firsts for 10 points while Ballard of the Mounders won three first and tied for first in the shot put for a total of 19 points as high man of the meet.

## Summaries:

100-yard dash—won by Thurston (O); second Ferguson (O); third Ballard (MM). Time—10.7.

220-yard dash—won by Thurston (O); second Ferguson (O); third Decker (O). Time—24.6.

440-yard run—won by Prugh (MM); second Corcoran (O); third Thayer (O). Time—59.4.

880-yard run—won by Blanchard (O); second Leary (O); third Dohler (MM). Time—2:38.8.

Shot put—Pelsma (O) and Ballard (MM) tied for first, third Merriman (MM). Distance—40 feet, 11 inches.

Discus—won by Ballard (MM); second Mattison (O); third J. Weyrauch (O). Distance—118 feet.

Over in the American League, however, the top spots were reshuffled and dealt over again and there were your old pounding pals, the Yankees, right on top of the heap. A combination of Maris, Russo's seven-hit southpawing and two three-run innings, one of them produced by Charley Keller's homer, gave the Yanks a 6-3 decision over the Boston Red Sox.

This setback dropped the Sox from the No. 1 slot right down to a tie for third place with the Cleveland Indians, who were nosed out 2-1 by the Chicago White Sox.

Lefty Thornton Lee bested Just-A-Letty Al Smith in this one and the win boosted Jimmy Dykes' wonder-men into second place.

Second Straight "Nifty"

"Hot Potato" Luke Hamlin turned in his second straight hurling "nifty" to give the revamped Brooklyn Dodgers a 6-1 win over the fabled Phillies. On top of his five-hitter of last Saturday, the "Hot potato" tossed a four-hitter this time.

Lonnie Frey's ninth inning double sent the winning run home to enable the Cincinnati Reds to down the St. Louis Cardinals 3-2.

Tommy Bridges' steady elbowing and a two-run triple by Frankie Croucher in celebration of his graduation from the bench, gave the Detroit Tigers a 4-2 edge over the St. Louis Browns. Washington and the Philadelphia Athletics were sidelined by cold weather.

WAR BOOMS BASEBALL

Philadelphia—Baseball attendance this season should spurt "because people are worked up about the war and will relax by going to games," says Connie Mack of the Athletics.

Dry ice has a temperature of 110 degrees below zero.

Associated Press Sports Writer

Frankie Frisch's insurance policy returned a nice fat dividend check to the Pittsburgh Pirates today, and no one was happier than the "policy" himself.

For, this policy, better known to the trade as Jim the Ripper Collins, not only paid off when it counted most—in the clutch—but he did it against the Chicago Cubs, the club that let the "policy" lapse by sending him to the minors a couple of years ago.

It must have warmed the hearts of both Frankie and Rip, that Pinchcliffe Collins delivered in the 11th inning yesterday which gave the Pittsburgh Pirates a 2-1 decision over the Cubs. Not only did Rip thus get at least a small piece of his revenge, but it also brought back fond memories of the good old Gas House Gang days, when Frankie and Rip were frolicking to fun and fame back there at St. Louis in the mid-30's.

Only a very few folks were able to understand why the Cubs sent the Ripper down to the Pacific Coast league a couple of years ago. And those few were on the Cubs' innermost councils.

But Rip was sent down, nevertheless, and he went, half-hoping and half-expecting that he might wind up as manager of Los Angeles. It didn't happen, and a few months ago, Frankie decided he'd bring his old pal back to the "Big Apple" as "first base insurance" for the Pirates, who had a regular fellow on the job in Elbie Fletcher.

Well, sir, it was dividend day yesterday. For ten innings Larry French did a good job of putting holes in the Bue bats, and looked to have the game well under control. Then, with two on in the 11th, Rip went in for Johnny Lanning and delivered.

Standings Not Affected

The win didn't affect the standings in the league, for the Pirates are well down in the lists and the New York Giants, setting the pace, were rained out at Boston.

Over in the American League, however, the top spots were reshuffled and dealt over again and there were your old pounding pals, the Yankees, right on top of the heap. A combination of Maris, Russo's seven-hit southpawing and two three-run innings, one of them produced by Charley Keller's homer, gave the Yanks a 6-3 decision over the Boston Red Sox.

This setback dropped the Sox from the No. 1 slot right down to a tie for third place with the Cleveland Indians, who were nosed out 2-1 by the Chicago White Sox.

Lefty Thornton Lee bested Just-A-Letty Al Smith in this one and the win boosted Jimmy Dykes' wonder-men into second place.

Second Straight "Nifty"

"Hot Potato" Luke Hamlin turned in his second straight hurling "nifty" to give the revamped Brooklyn Dodgers a 6-1 win over the fabled Phillies. On top of his five-hitter of last Saturday, the "Hot potato" tossed a four-hitter this time.

Lonnie Frey's ninth inning double sent the winning run home to enable the Cincinnati Reds to down the St. Louis Cardinals 3-2.

Tommy Bridges' steady elbowing and a two-run triple by Frankie Croucher in celebration of his graduation from the bench, gave the Detroit Tigers a 4-2 edge over the St. Louis Browns. Washington and the Philadelphia Athletics were sidelined by cold weather.

WAR BOOMS BASEBALL

Philadelphia—Baseball attendance this season should spurt "because people are worked up about the war and will relax by going to games," says Connie Mack of the Athletics.

Dry ice has a temperature of 110 degrees below zero.

## PAW PAW NINE LOSES GAME TO SHABBONA, 14-2

After defeating Earlville in the first game of the season, the Paw Paw baseball team suffered a severe lacing at Shabbona yesterday, 14 to 2.

Marks and Town did the chucking for the Flanchermen and they were rapped for 14 hits by the victors. Jacobson was the winning hurler and he permitted the Paw Paw visitors only six hits in the seven-inning game.

Knetsch got the only extra base hit for Paw Paw with a double.

## RECORDS ARE ON LINE IN DRAKE RELAYS TODAY

Des Moines, Ia., April 25—(AP)—

Crack contingents of track and field stars went after new records in the 32nd annual Drake Relays today, athletes from more than 60 universities and colleges competing in nine championships and as many preliminary events.

Track fans virtually entered two new records in the books before the start of the two-day classic and hope to see new meet marks established in three other events.

With a fast track in prospect, the university sprint medley mark of 3:25.1 held jointly by Rice and Indiana, was likely to topple in a race that had Texas, Michigan, Notre Dame, Louisiana State, Ohio State and Nebraska fighting for the front spot.

Texas ranked as a favorite on the basis of its world record 3:24 performance two weeks ago.

Jack Hughes, 240 pound Texas star, had his sights set for a discus toss well beyond his Drake record of 159.79 feet, having done 165 feet, 9½ inches year.

In addition to the discus and university sprint medley, fans were looking for possible new marks in the shuttle hurdle, shot put and high jump.

Shot put—Won by Collins (D), Quick (D) second, Rinz (R) third. Distance—38 feet 5 inches.

Discus—Won by Collins (D), Shultz (D) second, Larson (R) third. Distance—110 feet 9 inches.

Pole vault—Won by Hoeman (D), Koth (D) second, DeGryse (R) and Finkhoner (R) tied for third. Height—9 feet 6 inches.

High jump—Vaughn (D) and Schnake (D) tied for first and second. Felt (R) third. Height—5 feet 1 inch.

Broad jump—Won by Vaughn (D), Carr (R) second, Weigle (D) third. Distance—19 feet 1 inch.

Sophomore relay—Won by Dixon (Pierce, Egler, Schnake and Koth), Time—1:48.

tory of the speed classic, which goes back to 1911.

Only Lou Meyer, Huntington Beach, Cal., besides Shaw, has won three races. Shaw last year became the first driver to take two hand running and, overcoming the ancient j

## Long Beach Chief of

Police Against Idea  
of Fair Taxi Drivers

Long Beach, Calif., April 25—  
(AP)—Jack Burns, head of a taxi-  
cab company here, said he will  
replace men joining the army and  
navy with women drivers.

Joseph McClelland, chief of po-  
lice, frowned on the arrangement  
"on moral grounds". He is empow-  
ered to deny permits to women  
drivers.  
"There is no war on now and the  
measure isn't necessary", he added.  
Burns said he plans to hire wom-  
en drivers from applicants ranging  
in age from 21 to 50.

## Old Age Assistance

Rolls Hit New High

Springfield, Ill., April 25—(AP)—  
Fletcher C. Kettle, state super-  
intendent of old age assistance,  
reported today that his division  
had reduced the number of pend-  
ing applications for aid to 8,758  
on April 1, "the lowest point in  
the history of the Illinois pro-  
gram".

The number of applications un-  
disposed of on July 1, 1940 was  
11,647.

Kettle estimated an average of  
152,000 aged persons would be on  
assistance rolls during the next  
fiscal year which begins July 1,  
and 156,000 during the following  
year.

Figures released by State Audi-  
tor Arthur C. Lueder showed the  
assistance rolls reached a new high  
of 145,169 this month. Payments  
of state and federal funds totaled  
\$3,300,929.

## GEMS OF THOUGHT BENEFACTION

Let us not be weary in well doing: for in due season we shall reap, if we faint not.

New Testament: Galatians 6:9  
Doing good is the only certain happy action of a man's life.

We should give as we would receive, cheerfully, quickly, and without hesitation; for there is no grace in a benefit that sticks to the fingers.

—Seneca.  
To disregard the welfare of others is contrary to the law of God; therefore, if it deteriorates his ability to do good, to benefit himself and mankind.

—Mary Baker Eddy  
If you confer a benefit, never remember it; if you receive one, never forget it.

—Chilon.  
Give if thou canst in alms, if not afford. Instead of that, a sweet and gentle word.

—Herrick.

## "Honorable Little Bean" Steals Show on Chicago's Board

## Passes Corn in Volume and Price in Trading During March

Chicago, April 25—(AP)—Activity in soybean futures, first listed on the Chicago Board of Trade in 1936, is expanding so rapidly that only wheat is now traded in larger volume than the "honorable little bean" of the Chinese, statistics disclose.

Recognition of the soybean's increasing importance was recently granted by the board when trading in the bean was shifted to the second largest pit on the floor, formerly occupied by corn.

The rise in soybeans as a trading vehicle, which has paralleled the growth of the bean's importance as a product, has been spectacular. In 1936 only 11,838,000 bushels were traded. Last year volume totaled 134,971,000 bushels. During the first three months of this year turnover amounted to 148,528,000 bushels, more than in all 1940. This upturn has occurred during a period when total grain trading on the board has slumped from 10,454,557,000 bushels in 1936 to 6,986,633,000 bushels in 1940.

Despite the increased annual turnover, soybeans remained below wheat, corn, oats and rye in trading volume until the present year. In January, soybean trading passed oats and rye.

In March, it passed corn, total soybean volume for that month being 65,670,000 bushels against 55,584,000 bushels for corn.
